Subject: Re: Residential phone call regarding potential drinking water in Montrose, PA

my apologies. there are two [Ex. 6 - Personal Privacy] associated with this site. We have been just recently contacted by the other [Ex. 6 - Personal Privacy] who is a resident living on [Ex. 6 - Personal Privacy]. [Ex. 6 - Personal Privacy] is a resident who lives north of the Dimock area and had been coordinating the donated bulk water deliveries to the residents at Dimock.

Tito,
 Our CIC for the site was just contacted by this resident. She was going to take care of responding.

Rich

Subject: Residential phone call regarding potential drinking water in Montrose, PA

Eugene,
 I received a call from a resident while covering watch officer duty, late last evening. The original call was to Larry Stanton's Office, but it was forwarded to the EOC.
 The resident, [Ex. 6 - Personal Privacy] lives at [Ex. 6 - Personal Privacy] in Montrose, PA [Ex. 6 - Personal Privacy]. He stated that recent analytical results had identified contaminants in drinking water due to petroleum drilling nearby his house, potentially effecting up to 11 homes adjacent to his property. He stated that residents were unable to use the water due to health concerns.
 He said that Rich had been in contact with him and was looking into options for potentially providing drinking water under.

Mr. [Ex. 6 - Personal Privacy] wanted to know the status of the residential request for water.
Eugene/Rich - Can you please coordinate and provide [Ex. 6 - Personal Privacy] with an update if possible?
Please let me know if you have additional questions or would like clarification on the call.
thanks,
Brian
